

# IBM Cloud Services

Team ID	PNT2022TMID31143
Project Name	Gas Leakage Monitoring & Alerting System for Industries

## Mathumitha.R

The screenshot shows the IBM Cloud dashboard. At the top, there's a navigation bar with links for Catalog, Manage, and account information. Below the navigation is a search bar and a 'Create resource' button. The main area is titled 'Dashboard'. It features several cards under the 'For you' section, each representing a different service or tutorial:

- Build**: Explore IBM Cloud with this selection of easy starter tutorials and services. (Recommended, 5 min)
- Get started with IAM**: Quickly get started with IAM by inviting users to your account and assigning IAM access to those users.
- Set up your IBM Cloud account**: Learn how to set up your IBM Cloud account, manage your account settings, organize resources, and control access to those resources. (Getting started, 10 min)
- Use Watson Studio**: Watson Studio provides a suite of tools and a collaborative environment for data scientists, developers and domain experts. (Popular, 2 min)
- Build a web app with Watson Speech to Text**: Deploy a conversational interface compatible with any application, device, or channel. (Getting started, 15 min)
- Incorporate your private data with Watson Data**: Shorten the time to market for your products. (Recom...)

Below these cards, there are sections for 'User access' (with a note to enter email addresses for invite setup), 'News' (listing 'Unified Key Orchestrator Now Supports Easy Multicloud Key Management for Google KMS' and 'TrustRadius Best Software: Five IBM Offerings to Make'), and 'Planned maintenance' (with a 'View all' link). The bottom of the screen shows the Windows taskbar with various pinned icons and system status indicators.

## Pavithra.R

The screenshot shows the IBM Cloud dashboard for user 'Pavithra R's Account'. The top navigation bar includes 'Skip to content', a search bar, 'Catalog', 'Manage', and the account name. Below the navigation is a sidebar with icons for different services like Watson Studio, Cloud Pak, and Data Services. The main content area features a 'For you' section with cards for 'Build', 'Use Watson Studio', 'Set up your IBM Cloud account', 'Availability Monitoring', 'Build a Virtual Private Cloud (VPC)', and 'Pick your cloud provider'. There are also sections for 'User access', 'News', and 'Planned maintenance'. The bottom status bar shows the URL as https://cloud.ibm.com/#main-content, the date as 06-11-2022, and the time as 19:32.

## Kaviya.S

The screenshot shows the IBM Cloud dashboard for user 'Kaviya S's Account'. The layout is identical to the Pavithra.R dashboard, featuring a 'For you' section with cards for 'Build', 'Use Watson Studio', 'Set up your IBM Cloud account', 'Build a Virtual Private Cloud (VPC)', 'Use Speech to Text', and 'Build a mobile app'. It also includes 'User access', 'News', and 'Planned maintenance' sections. The bottom status bar shows the URL as https://cloud.ibm.com/#main-content, the date as 06-11-2022, and the time as 19:42.

## Elavathi.E

The screenshot shows the IBM Cloud dashboard with the following details:

- Header:** IBM Cloud, Search resources and products..., Catalog, Manage, Elavathi E's Account.
- Dashboard Section:** Dashboard, Edit dashboard, Upgrade account, Create resource.
- For you section:** Build (Explore IBM Cloud with this selection of easy starter tutorials and services), Build a web app with Watson Speech to Text (Deploy a conversational interface compatible with any application, device, or channel), Get started with Watson Discovery (Get up to speed on Watson Discovery with step-by-step tutorials, deep-dive videos, and complete examples of working code), Access to a service within resource groups (Use IAM to manage access to resource groups, and thus give other users access to your service instance), Unlock the entire catalog (Upgrade your account to start using everything IBM Cloud has to offer), Set up account (Learn how to use the IBM Cloud control resources).
- User access:** User access, Manage users. A note says: Enter email addresses below to jump directly into the invite user setup.
- News:** View all, Unified Key Orchestrator Now Supports Easy Multicloud Key Management for Google KMS, TrustRadius Best Software: Five IBM Offerings to Make.
- Planned maintenance:** View all.
- System tray:** Shows icons for File, Search, Task View, Mail, Edge, Chrome, Settings, and others. It also displays weather (31°C Partly sunny), battery level, signal strength, ENG, and the date/time (06-11-2022 19:52).

IBM cloud Service accounts created Successfully.
